GOLD MEDALIST

New from Romstar and just in time for the summer games—Gold Medalist, an exciting retrofit conversion kit for horizontal four player cabinet. The kit includes all cabinet graphics (including full length side graphic), PCB, power supply, complete 16-button control panel and three-wire plug-in connector. And also available in a special two player plug-in version for "Xenophobe" and "Rampage," as well as a universal conversion kit for horizontal cabinets. Players select from eight countries and nine events—all for action-packed profits. Available from your authorized Romstar distributor.
